Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

[10 slides](#)

Define your problem statement

What problem are you trying to solve? Frame your problem as a clear, brief, fit statement. That will be the focus of your brainstorm.

Brainstorm

Note down any ideas that come to mind. But address your problem statement.

Group ideas

Now turn sharing your ideas into a collaborative session. Related ideas are grouped into clusters. It's easier to discuss ideas that have been grouped. You can also create a sub-group.

Prioritize

Now turn ideas into a list on the same page about which important things to build. They are ideas on the go. It's easier to discuss ideas that are important and which are feasible.
